MEMO TO: Principals

FROM: David Condon
Assistant Director - School Resources Services

SUBJECT: Whooping Cough

DATE: 25th November 2008

In recent months there has been an increase in the number of school aged children in NSW diagnosed with whooping cough (pertussis).

Attached please find a letter to principals and information to be distributed to parents regarding whooping cough. Your assistance in distributing this important information to parents is appreciated.

Additionally, information regarding whooping cough can be accessed within the NSW Health website at http://www.health.nsw.gov.au/publichealth/Infectious/school_children_advice.asp
