

## **2015 Diocesan Secondary Touch Report**

It was an excellent day yesterday made so by convener Mick Davies and his Trinity team as well as all team managers and other supporters. Of course the players themselves contributed greatly with their skills, teamwork and cooperative approach on and off the field.

We're fortunate to have a convener with the expertise and commitment that Mick brings to this event. He was ably supported by Matt Barlow and the other Trinity staff and students. Thank you to all!

Special mention to the referees who make it all possible - we often struggle to get them on the field so those that put their hand up are invaluable. Just as invaluable are our selectors and diocesan team managers who had to make the hard decisions. Sincere thanks!

Thanks also to the canteen and St John Ambulance officers.

With all that said, the day is about the players. Well done to all of them on the above mentioned qualities they displayed. Congratulations go especially to our champion teams and runners up, to all 48 selected players and to our most valued players in each division.

Best wishes to all for CCC Touch on 16<sup>th</sup> June at Port Macquarie (a slightly different post code to last year's event held at Wagga!).
